### THE WAKEMAN COUNTRY CLUB

**Is Open for the Season—An Ideal Place to Visit—Easy to Get to and Over Excellent Roads**

The editor of **The Gazette** spent Saturday afternoon, night, and Sunday at the Wakeman Country Club, the guest of Mr. and Mrs. Garrett A. Morgan, and sure had a wonderfully pleasing and satisfactory outing. The club grounds are ideal, splendidly located and easy to get to, and over the best of roads; just a nice hour-and-a-half's drive from Cleveland. The grounds total about 125 acres, about 20 of which have been allotted for cottages.

Mr. and Mrs. Wm. Craver, Mr. and Mrs. W. T. Evans of Mt. Pleasant, Mr. and Mrs. Jas Lyle, Mr. and Mrs. Richard Kerns, E. 84th St., and others have erected comfortable cottages which they are occupying and thoroly enjoying during the hot summer week-ends and during their vacations.

There is a large dance hall and other necessary accommodations on the grounds; beautiful shade trees, cool and refreshing spring water and delicious meals, including springers, served. One would not want to find a pleasanter place to visit or stay for limited periods than the Wakeman Country Club. Drive out and see for yourself.

Saturday and Sunday, Mr. and Mrs. Morgan were ably assisted by Mrs. Sarah Payne and their three sons, J. Pierpont, Garrett A., and Cosmo Morgan. Their home address is 5202 Harlem Ave., this city. 'Phone HEnderson, 7821.

HEAR! HEAR!!

The ROUNDER

### WHAT'S DOING!

The latest development in the third district seems to be an incipient effort to gain signatures to recall petitions in the case of Councilman Bundy. A number of his stoutest supporters, last fall, are so thoroly disgusted with "The Blossom Triplet" that they are seriously considering his recall. This is interesting.

The daily newspapers, one day last week, announced that there were 600 or more people in attendance upon the Payne meeting, at 4117 Central Ave., when the hall will hardly hold 200 people. This is how Bundy and Payne fool the political writers of the local daily papers. They are continually magnifying and amplifying far too generously for the truth. Oh, you "Blossom Triplets", just wait until next year in the **fall** time!

After six months in office as a councilman from the third district, "Larry" Payne has succeeded in securing just **one** clerical appointment, and he went out of his district to get a person to fill it, Harvey Atkins, a deputy city clerk, **who lives in the fourth councilmanic district,** being the lucky person. It looks like Payne thinks there is no "Afro" intelligent enough in the whole third district to hold such a position. Can it be that he thinks the boys in his ward (the 11th) are "all igamus"?

**Twenty-eight** for Harris and sixteen for Day, **now!** What will it be in a week or two—forty-four for Harris? Bundy's "out of luck" **again—as usual.** He couldn't pick a winner with his eyes open. First, he announced Senator Geo. H. Bender for city manager. Nobody but him did **that.** Next, he announced Bender for manager of Public Hall. Then, he announced Bender for assistant manager of Public Hall. Still, **nothin' doin', as usual.** His latest—Day for the county prosecutor nomination. Watch and **see it end—as usual,** as far as **that** "Blossom Triplet" is concerned. 'Twas **ever** thus! Of course, you know what the result of the Payne-Bundy vs. Lethia and Tom Fleming fight in Ward 11 will be?

That erratic "Blossom Triplet'," Councilman Roy Bundy, said in speaking of the 17th ward club's endorsement of the candidacy of Atty. Arthur H. Day, for county prosecutor: "I am endorsing him with all my body and soul." Rather a queer statement from an individual whose endorsement of anybody or anything amounts to so little. It is the usual **exhibition,** however. Bundy's endorsement of the Day candidacy, as a matter of fact, will hurt it a great deal more than it will help it. This same is true of his and Councilman George's "messing in" the Payne-Fleming fight in ward 11. It has hurt Payne's side of the controversy. His effort to become ward leader in addition to serving at councilman shows a disposition **to grab too much,** in this day and time of new ideas and different alignments. Someone other than Payne should and will be leader of ward 11. The Rounder was reminded the other day of the fact that about the only appointment that Payne has secured, he gave to a man, (Harvey Atkins), **who does not live in ward 11 and does not even live in the third councilmanic district,** but is a resident of Councilman Clayborne George's bailiwick, the fourth district; and that Bundy has been unable to date to place either Dr. O. A. Childress or Clarence Shaw, managers of his campaign, but did get a little job in a county office for his brother. What's become of that clerkship in the office of the Civil Service commission "The Blossom Triplets" claim they were promised, many weeks ago, when they "waived" their opposition to the reappointment of Color-Line Welfare Director Dudley S. Blossom?

**O, That Cake!**

"But, judge, I couldn't stop for that traffic light," Cleo Brown, 2179 E. 89th St., told Police Judge Kovachy, Monday. "There was a boy in the back holding a big wedding cake in his arms and the jolt might have ruined it."

"I would think you should have been more careful with such an important cargo," said the judge "Five dollars and costs."

## TURNED DOWN FLAT

BY REPUBLICANS, NORTH AND SOUTH, IN PATRONAGE AND LEGISLATION.

The Federal Service Endorsing What Judge Parker Said—Tammany Hall—U. S. Senators and Governors Warned—Very Interesting.

(Special to **The Gazette**)

Jersey City, N. J.—The N. A. A. C. P. led in the fight to prevent the confirmation, as an associate justice of the U. S. Supreme Court, of Judge John J. Parker of North Carolina because he had expressed himself as opposed to the Negroes of North Carolina having anything to do with politics. The association did a good job but its work has just begun, if it would eliminate from responsible judicial and governmental positions white men who feel as did Judge Parker but are too cowardly to express it. There seems to be a nation-wide attitude expressing itself by preventing our people from holding any appointive positions of trust and honor. **The federal service has all but put into practice what Judge Parker said.** Governors of states, Republican and Democratic, have refrained from appointing colored persons to state positions. The Negro vote that was disfranchised in the South, by keeping them from the ballot-box through intimidation and slaughter, has come into the North and East but this same vote is disfranchised from holding office **even though it votes regularly.** This situation is up to our voters in states where they vote.

Tammany Hall is an exception to this rule of preventing Negroes from holding lucrative offices. It has taken the Georgia, Alabama and Mississippi vote that has migrated to New York and has in local and state matters made Democrats of them. **The Republican party is at present the white man's party of the North.** The Negro vote added to the northern Democratic vote of white men can make the North Democratic. **Will the Negro do it?** By political birth, Negroes are Republicans and it is with difficulty that he is pried loose from the party of his birth. The process of prying him loose has begun. Republican U. S. senators should watch well their step, for they can keep the Negro Republican or make him Democratic. Every Republican senator should take into serious consideration the numerical strength of his colored constituency. In the division of patronage, among his constituency, he should give the colored portion **what belongs to it.** His willingness to do this will force any President of his party to act upon his recommendation when this is a policy of the party.

Republican governors of states, like Ohio, Illinois, Indiana, New Jersey, Delaware, West Virginia, Missouri and Massachusetts, should ponder well their attitude toward our vote in dispensing patronage. Back of the unwillingness, to give the colored man important positions of trust, lies the **snobbish** racial policy that a colored man should hold no position which places a white person where he is to serve under him. This doctrine is as **damnable** as the Parker position. This position grows stronger in proportion as our vote becomes more intelligent. It is **folly** to expect manly colored people to accept this policy.

The colored voter is in a strait betwixt two. Southern Democrats control the Democratic party and they are the **arch enemies** of the colored voter. On the other hand, the Democratic Negro policy and sentiment have invaded the Republican party and has practically become its policy. Shall the Negro go into the camp of his enemies and strive to make new friends or shall he fight it out inside of his party and force recognition?

This congressional election will feel the Negro's reaction in one way or the other. At any rate colored brother, **deliver yourself by using your head, and vote!**

(Rev.) Wm. A. Byrd.

**OSCAR DE PRIEST SPEAKS**

**And Is Banqueted—Round Table Discussion—Music and Other Speakers**

Youngstown, O.—A banquet in honor of Congressman Oscar DePriest was given at six P. M., last week Friday night, at Belmont Y. Rev. J. H. Maxwell, H. G. Emerson, L. C. Underwood, Attys, W. R. Stewart, P. H. Hill and Councilman W. S. Vaughn were the speakers, while S. S. Booker acted as master of ceremonies. The invocation was pronounced by Rev. G. W. Tindull. Music was furnished by the Triangle Boys' band, the Tabernacle Baptist quartette, and the Azalia Hackley Treble Clef club. The meeting, later in the evening at Centenary M. E. church, of which Mr. DePriest was the speaker, was sponsored by our Progressive League of Mahoning County. "It is necessary that every Afro-American think well of himself and that he use intelligently the power of franchise, which is his only weapon of defense," Mr. DePriest said among many other things.

**A Rap in the Jaw.**

Beaumont, Tex.—A hefty slap on the jaw, delivered by a robust and stout-hearted sheriff broke up an embryo lynching party here early, Sunday. The wallop was landed by Sheriff W. W. Covington on a sailor who had appointed himself leader of about 40 men, remnant of a mob of 200 which had milled about the Jefferson County jail early in the day to lynch Rainey Williams, **charged** with assaulting women of both races. The blow sent the sailor and his "mobrats" retreating in confusion, abandoning their attempt.

**Candidate for Governor**

Baltimore, Md.—The Maryland Communist party in convention, Saturday last, nominated for governor, Samuel Parker of this city, age 26, an Afro-American waiter and longshoreman. The convention was attended by 34 delegates from Baltimore, Cumberland and Hagerstown. Three other Baltimoreans complete the ticket.

Dr. R. R. Moton's Haitian Educational Commission will sail for or fly to this country on Monday, July 7.

John D. Rockefeller, Jr., has given $71,785 to enlarge the Harlem playground for our boys and girls in W. 134th St., N. Y. City.

Col. Benj. O. Davis and five of our nurses will accompany those of our "Gold Star" mothers who make the "jim-crow" trip to Europe which starts July 12.

The great Poro College of St. Louis is making extensive improvements in its Chicago branch beauty school, establishing a new dormitory on South Parkway. Mrs. Annie E. Malone says the Chicago branch "has developed amazingly and beyond our expectations."

Congressman Oscar DePriest has warned our government employees at Washington, D. C. to stop "laying off to attend funerals, picnics, etc.," if they would contnue to hold their jobs. Mr. DePriest was burned in effigy, last week Monday night, in Birmingham, Ala., by a mob of 2,500 Klansmen who fired pistols and machine guns in their work of intimidation. He says he will speak there, nevertheless, as advertised.

**Honor John Brown**

Hudson, O.—The memory of John Brown, who sought to free the slaves in his Harper's Ferry raid, was cherished Sunday, at a reunion of 56 of his lineal descendants, who met on the lawn of an old house, built by Brown himself, midway between Hudson and Twinsburg. The Rev. Clarence Gee of Delaware, spoke on material he is gathering for a biography of the noted abolitionist. Salmon Brown of Lakewood, president of the group, presided.

### OHIO'S PIONEER MOB VIOLENCE ACT.

June 27, 1930.

To the Editor of The News, The Press and The Plain Dealer: Dear Sirs:—I notice in your paper of June 27, '30, that our County Prosecutor's office has "broken out" again in criticism of the most effective anti-mob violence legislation in this country and in a very weak effort to "play to the gallery" with its work against suits filed against this county as the result of injury sustained by persons at the hands of members of local mobs.

Just how "antiquated" the Ohio Mob Violence Act or Anti-Lynching Law is can best be understood when it is recalled that nearly every governor of a state in this union, who has recommended legislation against mob violence and lynching, has incorporated in his recommendation **the principle upon which the Ohio Law is built.** Illinois, Pennsylvania, New Jersey, Kentucky and several other northern states **have laws that are duplicates of the Ohio Mob Violence Act.** This same thing is true of every anti-lynching bill introduced in the U. S. Congress in the last fifteen years, and includes the Dyer bill, now pending.

If Christ Lexa will carry his case against this county to the Ohio Supreme ccourt, the County Prosecutor's office will get a rude shock when it learns that the Common Pleas court judgment of $750 in his case is upheld.

Nearly all of the anti-mob or anti-lynching legislation in this country enacted by the various state assemblies, is based upon the pioneer Ohio Mob Violence Act or Anti-Lynching Law.

Harry C. Smith,
CHerry—1259.

### DE PRIEST WRONG!

Congressman Oscar DePriest of Chicago, our only member of the U. S. House of Representatives, spoke in Youngstown, last week Friday night, and made his **first major mistake** that we have noticed in all the many speeches he has delivered since being elected a congressman. The foregoing, of course, providing he is correctly quoted in The Youngstown Daily Vindicator of June 28, '30. In opening his speech, which was delivered in our Centenary M. E. church, that city, Mr. DePriest is quoted as saying:

"We do not want social equality. The Negro desires only that he be given the full rights of a citizen of the United States."

**Our Congressman is wrong!** We want and need, just as much as any other race, group or class of citizens in this country, **social and every other kind of equality** enjoyed by them. Indeed, if we are to compete **successfully** with them, we **must** enjoy all kinds of equality, too. And it is the merest nonsense for Mr. DePriest, or anybody else, to endeavor to create an impression to the contrary. Then, too, it is a **pitiful** reflection upon him or any other member of the race who attempts to make **so harmful** a concession to the prejudice against our people in this country. He does not voice the sentiment of the **intelligent** of our people when he makes such unfortunate statements as the two quoted above. And, too, they are harmful, **very harmful,** indeed! Stop it, brother.

Mr. DePriest is also quoted as having "begged the audience not to re-elect the two U. S. Senators from Ohio who voted against the Negro by supporting Parker." Mr. DePriest may or may not be right in the foregoing. **Ten years ago,** Judge John J. Parker of North Carolina, when the Republican candidate for governor of his state, said he did not believe in Afro-Americans of his state participating in politics, or something to that effect. **Less than ten months ago,** the Judge handed down a decision in the Richmond (Va.) segregation case which helps our people of the entire country far more than his unfortunate statement of **ten years ago** hurt us. Therefore, we fail to feel that U. S. Senator Roscoe C. McCulloch of Ohio, a candidate for re-election, this fall, committed "such a crime" against us when he voted for Judge John J. Parker, as Congressman DePriest, the socialistic leadership of the N. A. A. C. P. and others would have us believe.

## Prime Sport News

**Kid Chocolate Kayoes Petrone.**

New York City.—Kid Chocolate, slugging Afro-Cuban bantamweight de luxe, defeated Dominick Petrone of this city by a technical knockout in the sixth round of their scheduled ten-round bout at Ebbets Field, Wednesday night. Chocolate weighed 126; Petrone 125. At the start of the sixth round, Chocolate backed his opponent up against the ropes and then began the punishment which resulted in Referee Eddie Forbes stopping the fight.

**Simms to Battle Godfrey**

George Godfrey, heavyweight, who "fought" Primo Carnera in Philadelphia last week, and Frankie Simms, (white), local slugger, will meet in the feature twelve-round brawl of Fat Eddie Mead's third Taylor Bowl show, next Tuesday. Godfrey, as a matter of fact, is champion heavyweight while Simms, a terrific puncher, is acquiring more of a reputation with each fight. He knocked out Ted Sandwina in the last Public Hall show.

**Tolan Sets Another World Record**

Vancouver, B. C.—Eddie Tolan, University of Michigan sprint star, won the invitational 100-meter race in the Dominion Day track and field meet here, Tuesday. George Simpson, Ohio State, and Percy Williams, Vancouver star, were second and third, respectively. Tolan's winning time, 10.2 seconds, bettering by two-tenths of a second the world's record held jointly by himself and Charlie Paddock. Running on **a hard clay**

EDDIE TOLAN

**horse-race track,** Tolan **led all the way.** Simpson passed Vancouver's hero in the last twenty yards to cross the finish line a foot in front of Williams. Tolan broke the tape about **three feet** ahead of Simpson who equaled his world's record of 20.6 seconds to win the 220-yard race from Eddie Tolan. The Ohio State runner led all the way but won by only a foot. Williams did not enter.

**Gans Almost Kills Baker.**

We hadn't heard (before going to press, Thursday morning), how George Godfrey came out with his bout in the East, but it is not difficult to forecast the result. Big George, as a rule, "brings home the bacon". With this in mind, it is difficult to regard Wednesday night of this week as anything else but "Negro night in pugilism", for "Kid" Chocolate won in New York City and "Baby Joe" Gans of California all but killed Sergt. Sammy Baker (white) at Taylor bowl, this city, that night. Gans knocked him to the canvas eight times and was sent there twice himself. The former is lying critically ill at St. Alexis hospital, this city, as the result of the beating he received from Joe. Dr. Joseph Kocar, representing the Newburg Heights boxing commission, pronounces Sammy's trouble as "a probable hemorrhage of the brain." Several doctors were in consultation on his case, early Thursday morning. Over 3,500 persons saw the minute and 35 seconds Gans-Baker contest. The latter was plucky and game to the very last, and won the 3d, 4th, and 8th of the 12-round go. The wind-up was pitiful. Moaning in a delirium, vomiting blood and sobbing, again and again, "I am going to die; going to die", he was in a semi-conscious condition when helped to his dressing room and seemed in a natural sleep, early Thursday morning, at the hospital.

# OHIO'S MOB VIOLENCE ACT

## OR ANTI-LYNCHING LAW LEADS THE COUNTRY IN EFFECTIVE LEGISLATION

### Against the Mob and Lynch-Murder—Three Years' Work of a Member of the Race—Also His Ohio Civil Rights Law.

Our mob-violence or anti-lynching bill was introduced in the Ohio legislature in 1894 and re-introduced in 1896. It took the Hon. Harry C. Smith, editor of **The Gazette,** just three years to secure its enactment into law. The Ohio Supreme Court has several times upheld the constitutionality of the law and it has been very effective. Illinois, Pennsylvania and New Jersey have followed Ohio's lead and enacted mob violence or anti-lynching laws which are copies of our Ohio law. Several other northern states and at least one border state (Kentucky) have also enacted anti-lynching laws, in recent years, like Pennsylvania and New Jersey. The Ohio law follows:

MOBS.

Section
6278. "Mob" and "lynching" defined.
6279. "Serious injury" defined.
6280. Damages in case of assault.
6281. Damages in case of lynching.
6282. Damages recoverable by legal representative of victim of lynching
6283. Person suffering death or injury by mob trying to lynch another.
6284. Limitations of action.
6285. Order to include recovery and costs in tax levy.
6286. Guardian's custody, etc., fees.
6287. County's right of action against member of mob

### OUR OHIO CIVIL RIGHTS LAW

Upon the request of many readers of **The Gazette** we print below the text of the Hon. Harry C. Smith's Ohio Civil Rights law which the editor had enacted while a member of the 71st General Assembly, in 1894:

**The General Code of Ohio:**

Sec. 12940. Whoever, being the proprietor or his employee, keeper or manager of an inn, restaurant, eating house, barber-shop, public conveyance by land or water, theater or other place of public accommodation and amusement, denies to a citizen, except for reasons applicable alike to all citizens and regardless of race or color, the full enjoyment of the accommodations, advantages, facilities or privileges thereof, shall be fined not less than fifty dollars nor more than five hundred dollars, or imprisoned not less than thirty days nor more than ninety days, or both.

Sec. 12941. Whoever violates the next preceding section shall also pay not less than fifty dollars nor more than five hundreds dollars to the person aggrieved thereby to be recovered in any court of competent jurisdiction in the county where such offense was committed.

This law has repeatedly been held constitutional and good law by the Ohio Supreme court. The trouble is our people will not use it as often as they should, but expect it to do for them what they should and must do for themselves, **under it, in the courts.**

### HERE'S AN OPPORTUNITY!

"The Old Reliable" **Gazette** desires an active agent and correspondent in every city and town in Ohio and neighboring states having a number of Afro-American residents. Only a little time on Fridays or Saturdays is required **to make some money.**

We are especially desirous of hearing from persons in the following named cities: Springfield, Columbus, Toledo, Steubenville, Zanesville, Wilmington, Xenia, Washington C. H., Lancaster, Piqua, Lima, O., and other places, **particularly in Ohio,** where we have none.

Write to the editor of **The Gazette,** 226 West Superior Ave., Cleveland, O., and terms will be sent promptly. Our readers will oblige us greatly by sending the addresses of persons in the cities named, and others in the state to whom we can write relative to the matter."

### PROTEST! PROTEST!!

To submit in silence when we should protest makes cowards out of men. The human race has climbed on protest. Had no voice been raised against injustice, ignorance and lust, the inquisition yet would serve the law, and guillotines decide our least disputes. The few who dare, must speak and speak again to right the wrongs of many.

Ella Wheeler Wilcox.

## DIAL TELEPHONES INCREASE IN OHIO

### 4,000,000 Dials in National Bell System

The rapid growth in the use of dial telephones throughout the Bell System is reflected in the increased number of these instruments in operation in Ohio.

Ten years ago there were only 125,000 dial telephones in service in the entire Bell System. At the end of 1929 this number had increased to approximately 4,000,000, of which 186,480 were in Ohio. The 1929 gain in the number of dial telephones for the system was about 850,000.

Telephones in Ohio operated by The Ohio Bell Telephone Company are 26 per cent dial at the present time, and within two years, the total number will be increased considerably by the installation of about 98,000 additional dial telephones. The entire Akron area, involving more than 48,000 instruments, will be cut over to the dial system in August, 1930, and in October, 1931. Dayton, with about 50,000 telephones, will be given dial service.

### AN APPRECIATION.

If there is any one thing **all of our people of this community**—not only Garret A. Morgan, his family and friends—thoroly appreciate, it is City Law Director Harold H. Burton's decision of Tuesday to **not** appeal to the Ohio Supreme court the decision of the Appellate court, granting Garret A. Morgan a mandamus directing the city finance-director to pay him the $2,000 voted him by the City Council and withheld for many months. Morgan, **as the writer personnally knows, was the hero** of that 1916 crib-tunnel disaster and at the behest of city officials. For this, he has been insulted and harassed, for more than a year, almost beyond endurance as the result of the opposition led by Mayo Fessler, executive secretary of the Citizens' League. While we are thanking our **very efficient** Law Director for his sensible and correct decision we must not overlook the most commendable action of the Appellate court, Judges John J. Sullivan, Manuel Levine and Willis Vickery, and particularly the latter's comment in handing down the court's very proper decision to grant the mandamus.

**Hear! Hear! Boydston Post!**

Very truly yours,

# BILL, THE BUS DRIVER SAYS

Killin' folks outright is bad enough, but even scarin' 'em to death don't win you no applause."

(By MARCUS A. DOW.)

Did you ever try to lead a spirited hound dawg on a leash, or did one of them ever lead you? You know the kind I mean, one of them yankin', strainin', tuggin', yelpin' hounds with forward march on the double quick as their main object in life.

I know a lot of bozos who make their automobiles act like one of those restless hounds strainin' on a leash while they're waitin' for the traffic light to change. They shoot forward like the leash had busted, and if they knock down a walker who ain't had time to reach the curb, it's all in the day's fun to them babies.

The red light was showin' on a crossin' in a little upstate burg and cross traffic was goin' by while the main stem drivers sat still. Among 'em was a drivin' fool at the wheel of a six-cylinder hound dawg. He had a sixth sense that could tell him just three seconds in advance of when the light would change. His engine let out a snort like the yelp of a hound, and at the first ray of green he jumped his bus almost off the pavement in his anxiety to be off in a hurry. As the iron hound jumped, the dust on the fender just brushed the skirts of a motherly lookin' old lady who had got two-thirds or better across the cross walk and scared the daylights out of her. She gave a little squeak, jumped, stumbled over the curb, hit her knee on a piece of wood with a sharp edge, cut a bad gash which resulted in a stiff knee for the rest of her life.

The ornery bozo what done that trick never looked back. What the h—l would he care? He'd say he didn't bump her and that would let him out. What a fine idea of fair play that is, I don't think!

That woman was crossin' accordin' to rules and regulations. She had a right to protection. And any guy that thinks a change to green gives him the right to turn his hound-dawg-on-four-wheels loose too quick and let it jump before a decent walker has a chance to reach the curb in safety is a low, mean, contemptible hawg. He ain't even a self-respectin' hound.

## Safety Director Offers Some Worthy Suggestions

A code of practices affecting the car owner, designed to promote safety, was announced by H. O. Rounds, head of the safety and traffic division of the Detroit Automobile club. Mr. Rounds suggested that the motorists remember the following:

That if you give anyone a lift do not expect pay for it and don't be surprised if you lose your car or your valuables.

That whatever attracts, detracts, or allures, one should never lose control of his car.

That all roads are not smooth, but the same watchfulness is required on good roads as on bad ones.

That you will find people at cross purposes, but courteous treatment will decide the right of way.

That when you pause, do not block some one else. Give timely warning in anything you do that may affect others.

That proper care of your machine is necessary. Carelessness causes breakdowns.

That all-night driving is more difficult than driving in the light of day.

That sometimes more power is required, but also there are times when it is necessary to apply the brakes.

## Simple Test for Leaks in Any Cooling System

Leaks in the cooling system are sometimes only apparent when the engine is operating, and the circulating water is hot. Such leaks are difficult to find and repair. The smallest leak, however, can be detected at once by applying air pressure to the cooling system. This may be done by using part of an old inner tube and a piece of cork. Use the cork to plug the overflow pipe and cut a circle of rubber from the inner tube with the valve at the center. Remove the filler cap

and bind the section of the inner tube over the opening as shown. Pressure is then applied with a tire pump. Only a few strokes are required. Be very careful not to apply too much pressure to avoid damaging the radiator. The radiator of an automobile is not designed to withstand pressure. Too much may open up a seam or bulge out the side of the upper or lower water tanks.—Popular Science Monthly.

## Dirty Automobile Cause of Owner's Depression

A clean car, at whatever cost, is worth the trouble, for it helps prolong its life and good appearance, and it has a stimulating and pleasant influence on its occupants, yet many motorists permit an accumulation of mud and grime to collect on their cars no matter how eager they might be to clean them. It should be remembered dirt hastens the aging of the car by deteriorating the finish, and a loss in pride of ownership, in prestige and self-esteem. A poor looking car seems to have a depressing effect on the owner.

## AUTOMOBILE NOTES

Mud allowed to remain on the artillery wheel does more than mar appearance. It is also destructive of the paint.

* * *

The modern engine demands the highest type of plug performance and an intense spark is essential for its operating efficiency.

* * *

Brake squeaks in older cars may be due to the unevenness in the brake band. A thin piece of metal run around the drum will reveal such uneven spots.

* * *

Start your car in second gear if you want to, but remember that to do this strains the motor more than starting in first. And you can make quicker get-away in first speed, too.

* * *

A soft cloth, slightly moistened with kerosene, will remove dust from a lacquer finish if the latter is not too heavily incrusted. It is advised that the used should be careful not to get the cloth wet.

* * *

Coasting with the ignition turned off sends raw gasoline into the cylinders where it washes off the film of oil between the piston head and cylinder walls—and this means damage to the motor.

## MUST DRIVE PSYCHOTECHNICAL MACHINE

A candidate for a motorist's license, intent upon driving the confusing new "psychotechnical machine," adopted by the police department at Vienna. He is shown at the miniature steering wheel which controls the pencil which he must direct through a map of congested traffic on streets, turning around on the cylinder by electricity—a task which demands complete attention and concentration.

## VERY WIDE BRIMMED BLACK MILANS VIE WITH LACY TRANSPARENCIES

AS TO the right hat for the right occasion than a wide brimmed black Milan, none other comes nearer to registering 100 per cent perfect. Wherefore the revival of broad-of-brim fine black Milans for summer will be hailed with delight by the majority of women.

The beauty about these flattering big brims of fine, finer, finest Milan straw is that they top fluttery, summery chiffons and other frocks as sheer and dressy, quite as correctly and charmingly as they do neat tailored silks or light woolens.

Most of the Milans coming over from Paris seem to be going mushroom although predictions are rife that the pendulum is apt to swing back to the almost forgotten cartwheel types.

That very handsome drooping brim, first in the picture with its modish shallow crown which has white roses posed at the back, combines the ultra new coarse straw with fine Milan in its making.

Another black Milan mushroom-brim model is shown to the right. It is trimmed with pink velvet ribbon. If any color is smarter combined with black than white, that color is pink, turquoise or light blue following next in order.

The Milan down in the left-hand corner is made in sections which are fagoted together by hand. Quite a considerable fagoting is being employed by the milliner both in connection with straw and with fabric. The little bow at the side on the hat portrayed is of straw.

Lacy straws distinguish the two other models shown. The dressy chapeau in the center has a fancy straw crown, a network of black and white horsehair forming the brim. A band and underbrim bow of black velvet completes this model.

Natural colored crocheted Tuscan straw is mounted on a black horse hair cloche for the concluding hat.

## RUFFLES, RUFFLES ALL THE WAY ON PARTY AND GRADUATE FROCKS

JUDGING from the flouncing most sheer frocks are receiving this season, fashion is in a very ruffled state of mind.

Most every net, organdie or chiffon gown accents the ruffled theme for summer. It may be just a few dainty ruffles cunningly grouped or it may be whole flocks of them, extending from head to foot, as here pictured. Oh! there's no doubt about it, fashion is "saying it" with ruffles, and in more ways than one.

Very fashionable is the organdie frock the skirt of which is formed of three wide circular flounces, each of these bordered with several rows of tiniest ruffles. Lovely way, this, to make up organdie—try it! Be sure to finish the short sleeves with corresponding beruffled circular-cut flowing flares.

There's a flair for ruffled chiffon frocks, too. These prettily feminine and summery gowns may be either in print or in monotone pastel, if not pure white. They are made up very simply, the ruffles variously placed in groups and otherwise. In applying the ruffles there is no attempt to achieve sophisticated effect, in fact, it is the very simplicity of these frocks together with their exquisite coloring which makes them so beguiling.

As a suggestion for a graduating frock the ever-so-ruffled net dress in the picture is ideal. The original is made up of myriads of ruffles of net footing sewed on a net foundation for cotton net in any form printed, or plain, has certainly come into its own for summer.

Made of organdie, each ruffle picot edged, this dress would be adorable for party wear. But think of the hemstitching! Not so extravagant after all, for the organdie would cost but a trifle, which should be an argument in favor of making an extra allowance for picoting.

## POLITICAL OUTLOOK IN OHIO.

In reply to the letter sent him, several weeks ago, by our Laymen's League of Cuyahoga County, Roy S. Rector, pres., Gov. Myers Y. Cooper has written Mr. Louis Williams, secretary of the league, that there are no openings at this time in the State Board of Clemency and the Industrial Commission which he could fill by the appointment of an Afro-American. He does not say that he would do this if there were, and does not indicate that there is an opening in any other state board or commission; nor does he explain why no member of the race has been given an outstanding position in **any** department of his administration during the past year and a half. He does, however, refer to the placing of one Howard Greer of Cincinnati in a minor position "in connection with the Industrial Commission" and claims to "have appointed a parole officer to aid, in connection with the **colored** prisoners, Dr. E. W. B. Curry." Both of these are **insignificant** "jim-crow" positions. The Governor might have added that his messenger also is a member of the race. What we have said on more than one occasion in the past we repeat, Gov. Myers Y. Cooper can **write** and **say** some very nice things to the thousands of Afro-American Republicans in the state of Ohio, but to date he has failed utterly to measure up, in the matter of appointments, to his **nice** talk to our people. We would suggest to the more or less distinguished Cincinnatian the importance of **doing** this very thing **before** election, this fall, because the outlook for Republican success, owing to the most unfortunate economic condition alone, is anything but encouraging, especially since he and others on the ticket are on the defensive and will not have the benefit, this year, of the assistance of the exceptionally large vote brot out by the Republican presidential candidate, Herbert Hoover, a year ago last fall, when the governor was swept into office by it after having been badly defeated for the same position, two years previous. The few insignificant jobs he has given to Afro-Americans will not arouse any enthusiasm in his behalf among our class of people, this fall, when he will need every vote in the Republican party of the state of Ohio, **and then some**, we fear. The Laymen's League of Cuyahoga County in its letter to the Governor, under date of May 22, 1930, but voiced the desire of the great mass of our voters of this state when it asked him for the appointments of a few Afro-Americans to "outstanding positions" in his administration of the state's affairs. His continued refusal to grant so reasonable a request and one, too, that he virtually promised in his many talks to our voters, last fall a year ago, will only serve to make his defeat certain in November next.
